WEATHER PROBABILITIES.-For this tion generally fair tonight and Thursday; fresh to brisk northerly winds.

DEMOCRATIC COMMITTEE.-The city democratic committee will meet tonight in the Aldermen's chamber, when all those who intend becoming candidates in the primary for the city offices to be filed at the May election are expected to be present and hand in their names to the secretary.

CITIZENS' MEETING.

A large crowd attended the meeting of the business men at Sarepta Hall last night, when candidates for Council were named and will be placed on the democratic ticket at the primary to be held next Tuesday, the 16th instant.

Prior to calling the meeting to order
much speculation was indulged in as to
who would be named on the ticket be-

who would be named on the ticket besides those whose names had been published in the Gazette on that evening.
Shortly after 8 o'c'ock Mr. E. E.
Downham, in the absence of the presidest of the organization, Mr. J. R.
Zimmerman, called the meeting to order, and introduced Mr. James R.
Caton as the speaker of the evening,
Mr. Caton said that it was not his
intention to make a long or protracted
address, but simply to call the attentio
once more of those present to the movement—the betterment and advance-

ment—the betterment and advance-ment of the city by an individual and collective movement of its citizens. Continuing the speaker said: "The gentlemen identified with this movement do not seek office, they want the office to seek the man. Those whom we choose for the position of Courcilwe choose for the position of Courcilmen, if elected, must act in a prudent manner and be judicious in the expenditure of money, for if a contrary course is pursued they will not act in accordance with our wishes. What we want is a systematic plan of improvements. men's. When I was in Council Capt. George A. Mushbach introduced a bill creating the office of City Engineer, which I heartily endorsed. This office was not created for the purpose of su-perintending the cleaning out of alleys and overseeing the pulling up and elimination of grass in the streets, but for formulating plans by which a fixed and systematic course could be pursued for the improvement of the city, thus of fering an inducement to industries and corporations by a display of thrift and enterprise on the part of the citizens in their endeavors to improve the city to locate here. But six years have passed and we are no nearer the attainment of the object for which the office was instituted. Let us not continue to expend money in patching up mud holes on one side of the street and leaving others open on the other side. If we only lay out \$5,000 a year for street im-provement that will show progres-sion and it will not be many years be-fore we see the great results to be realized from such a move." The speaker concluded by saying that Staunton was once in a worse predica-ment, but had seen the error of its way and was now on the highroad to sucures for the improvement of the streets of that city, virified brick having been used in the paving, and it was now one of the most enterprising and flourishing

cities in the State. He hoped Alexan-dria would soon follow her example. Mr. Downham then stated that the committee appointed on Monday night to select names to be placed in the democratic primary had submitted the folwhich were read by the scretary, Mr. James Bayne:

First werd—Alderman, Peter Aitche son; Councilmer, Alton Moore, J. H. Trimyer, Wm. P. Woolls, sr., and T. L. Risheill.

Second ward—Alderman, Taeo, Bal lenger; Councilmen, S. B. Fisher, J. D. Normoyle, H. Baader and A. H. Thom-

Third ward—Alderman, E. E. Down-ham; Councilmen, Albert Bryan, F. J. Paff, J. T. Johnson and B. B. Smith. Fourth ward-Alderman, John T. Sweeney; Councilmen, R. F. Tucker F. C. Spinks, jr., E. S. Leadbeater and

Mr. Downham stated that the report of the committee was before the meeting for ratification or rejection, and the motion to adopt the report was carried. Capt. George A. Mushbach, who was present, was invited to address the meeting, but declined.

There being no further business, the meeting, which was a very quiet and

The names of Mr. E. M. Birrell and Mr. R. Lee Field were on the original ticket, but the former was ineligible because he held a government position and the latter declined to run. Mr. T. L. Rishell was put in the place of Mr. Birrell, while Mr. A. H. Thomson was named instead of Mr. Field,

NEW BRIDGE ACROSS POTOMAC .-It was announced yesterday at the office, in Washington, of Colonel Chas. J Alleo, United States army engineer, in charge of government works in the District of Columbia, that borings to determine the location of foundations pleted.
for the new bridge across the Potomac Figs. will begin in a few days. The vessel under control of Colonel Allen's department is now on duty in the York river, but it has been ordered to Washington, and work will begin as soon as it artives. In addition to making the bortings, Colonel Allen will prepare a chart of the river, showing its depths at various places and the nature of the bottom. When this chart is completed ous places and the nature of the bottom. When this chart is completed, Colonel Allen will call a meeting of the board of one in the chart is completed, board of one in the chart is completed. board of engineers appointed to prepare plans and specifications for the bridge, apon. Until this report is ready, which will probably take at least a month in preparing, no meetings of the board

DEATH OF MR. BAYNE -Mr. Patrick Bayne, an old and esteemed resident of the First ward, died this evening at his home on south Fairfax s'reet. He leaves a widow, and four sons and two daughters-all grown,

The Franco-Italian Festivities.

Villefranche, April 10.—President Loubet embarked this morning on the flagship of the French fleet and started for Tulon, the war vessels in the har-bor firing a salute of 21 guns in his honor. The war ships had formed in two columns out to sea, in full colors, bearing the President. Out at sea, the presidential flast met the cruiser which had gone to greet the Duke of Genca commanding the Italian equadron and which saluted the President. Both on the start and throughout the journey there was the greatest enthusiasm, the sallors cheering over and over again for the President and the republic. Fever-ish excitement reigned at Toulon, thousands waiting on the quays from early dawn for a glimpse of the coming squadron. Before starting for Toulon, President Loubet visited the Russian fleet off Villefranche. He was received with most cordial enthusiasm.

Toulon, April 10.—The French squadron excerning President Loubet arrived here this afternoon and its reception was most enthusiastic. The scene was of a most picturesque and imposing character, forty warships salling into the barbor with colors flying in builder, which colors flying in noliday f shion, and the crews in array on the decks. As the warships came abresst the Italian squadron fired twenty-one guns and as the last report died out, the French crews cried out repeatedly: "Vive le President"—the Italians joining lustily in the cheer, President Loubet received the Duke of Genoa, admiral of the Italian ficet, at the prefecture in this city, when greet-The rebuilding of the wharf of Mesere. logs were formally exchanged.
